Why a London Internship

Sure, you could spend your summer here in the US. But why do that if you have an opportunity like this?

An internship experience in London has so much to offer you professionally, academically, and even personally!

First, let's take a look at how it benefits you professionally. You already know London is the international capital of many industries. From its large, world-renowned corporations to its smaller specialty companies, London offers you a variety of placements no matter what your field of study. Your individualized placement ensures that you will be a professional member of the company team with vital job duties. You will have the opportunity to enhance your job skills and career prospects while making an active contribution. Not to mention that impressive international dimension you'll be able to add to your resume! In a world becoming more focused on globalization, you will have the distinct advantage of multi-cultural job experience.

Next, let's cover the academic side of your internship. You may be able to receive college credit for your summer experience (see inside page for more information on how to receive credit). Plus, living and working in London will give you an education not available in books. You'll learn history, art, social sciences, theater, music and much more with the entire city as your campus.

Finally, your international internship offers the opportunity for a life-changing adventure. Your experiences in London can build confidence, provide direction and inspire personal growth.

To enroll in the CAPA London Internship Program, you must have completed your sophomore year of college, and have a minimum grade point average of 2.5.

What are the Program Dates?

Each of the following programs is 8 weeks in length:

1. May 26 – July 21, 2001
2. June 23 – August 18, 2001
3. May 25 – July 20, 2002
4. June 22 – August 17, 2002

Where will you live?

You have your choice of two options:

Homestay – You will live in a South London home with a British family. You will have a private bedroom furnished with a bed, bureau and lamp. Your family will provide you with daily continental breakfast and dinner, conversation, and a weekly linen change.

Student Residence Hall – You will live in a London residence hall (similar to an American dormitory) in a shared bedroom with 1-3 other students. There will be shared kitchen facilities stocked with basic cookware and eating utensils. Weekly linen change is included.

**Please note: Student Residence Halls are in high demand during the summer in London. Therefore, space is limited. Due to this, we are unable to guarantee placement in a residence hall. If space is unavailable, we will notify you and place you in a homestay.*

Visit those famous places you've heard about...

Included in your program will be two full-day excursions to historic British cities such as:

- **Oxford**

Take a stroll on High Street and admire the ancient colleges along the way, each with its own place in academic history. Tour England's oldest public museum, the Ashmolean, with its priceless collections of antiquities. Have lunch in a local pub, such as the Eagle and Child favored by J.R.R. Tolkien. If you have time and the weather is nice, you can rent a punting boat and row out onto the River Cherwell, where long ago an Oxford professor named Charles Dodgson (Lewis Carroll) first told a young girl named Alice Liddle stories about Wonderland.

- **Stonehenge**

Journey to the legendary circles of stones and form your own theory about their origin and purpose. Whatever conclusion you come to, looking up to the huge monoliths from 2500 BC is definitely awe-inspiring.

- **Bath**

A visit to lovely Bath includes touring the Roman Baths Museum for an in-depth look at the 1st-century founders and their temple to Minerva, photographing the city center's Gothic Abbey, shopping the quaint alleyway stores and viewing the elegant Georgian architecture. A must before leaving is, of course, going to the world-famous mineral hot baths for a relaxing treatment in England's original luxury spa!

- **Stratford-Upon-Avon**

Walk into Elizabethan past to visit Shakespeare's Birthplace, the Shakespeare Centre with an extensive costume exhibition, the beautiful Holy Trinity Church and Anne Hathaway's Cottage. The Royal Shakespeare Company has its home here, and attending a delightful performance by the RSC is an unforgettable experience!

- **Cambridge**

A truly beautiful city, Cambridge contains so many different architectural styles in its buildings that it is considered a living textbook for English Architecture. Take a Blue Badge tour and have exclusive access to areas otherwise "off-limits" in chapels and college buildings. See Trinity College's Library constructed by the great Christopher Wren.

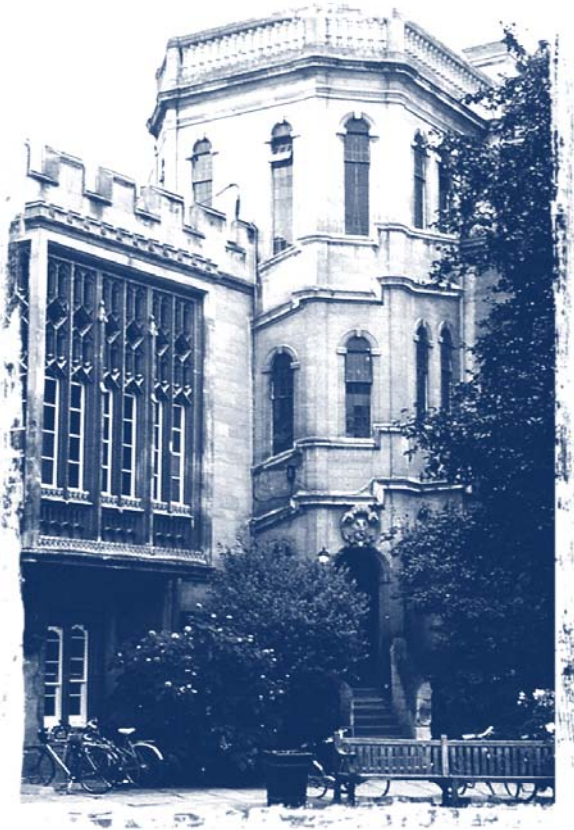

Scheduled excursion destinations for each internship program will depend upon availability. Other excursions are available for an additional fee. You may make arrangements at the CAPA London office during your internship.

All this and College Credit as well?

College credit is available to most participants. If your school already has arrangements with CAPA regarding credits, there will be an information sticker listed below:

If there is no sticker in the above space, your college may not already have set guidelines for CAPA's London Internship Programs. Your first contact should be with your Academic Advisor on campus. If they do not have information regarding credit-bearing internships, you should next contact your Department Dean or Study Abroad office. CAPA will work with your campus to provide information about internship structure and credit potential.
